ASSEMBLY INSTRUCTIONS HYTOWER ROPES

Creation date : 05/22/2024

Version : V.2.0

Step 1

Attach the 2.65m rope to the steel hook on the net. Use the screw link to tighten with a wrench in the workshop.

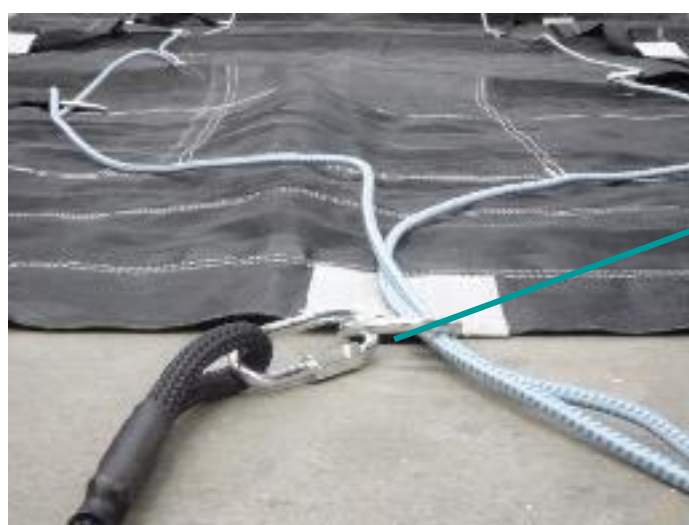

Stretch the 2.65m rope on the ground.

Step 2

On carabiner 1, attach the 12m rope to the steel ring.

Step 3

Take the steel ring to which the elastics are attached and attach it to carabiner 2.

Screw link to be tightened with a wrench in the
